

Performed dissemination activities

Partner	Event name	Type of event	Date	Place	Partner contribution	Audience	Identified stakeholders (if applicable)
CERTH	75th IEA-FBC Meeting - International Energy Agency - Fluidized Bed Combustion	Workshop (participation)	October 23-25, 2017	Skive, Denmark	Oral presentation: Innovative flexibility concepts for CFB technology, in terms of fuel and operation	Scientific community	Technical experts, researchers and scientific community
TUDA	VGB-Fachtagung - Brennstofftechnik und Feuerungen 2018	Conference (participation)	June 27-28, 2018	Kassel, Germany	Oral presentation: Vermeidung der Feuerraumwandkorrosion durch Einsatz eines Online Monitoring Systems	Scientific community	Scientific community
TUDA	44. VDI-Jahrestagung - Schadensanalyse in der Energietechnik 2018	Conference (participation)	October 10-11, 2018	Würzburg, Germany	Oral presentation: Korrosionsvermeidung in Feuerungen durch Online-Monitoring	Scientific community	Scientific community
SFW	9th Finnish Flame Day	Conference (participation)	October 23, 2018	Espoo, Finland	Oral presentation: Circulating Fluidized Bed Scrubber (CFBS) pilot tests in 1 MWth scale	Scientific community	Scientific community
SFW	9th Finnish Flame Day	Conference (participation)	October 23, 2018	Espoo, Finland	Oral presentation: Dynamic testing of co-combusting lignite with straw and refuse derived fuels in a 1MWth pilot plant	Scientific community	Scientific community
RINA CSM	XVI ECerS CONFERENCE 2019 Turin 16-20 June	Conference (participation)	June 16-20, 2019	Turin, Italy	Oral presentation: FLEX FLORES project: Innovative refractories for improving the efficiency of intensive energy sectors	Scientific community	Scientific community
